President's Graduation Message

My sincere congratulations to our 2023 graduates – today is your day! Education is a team effort that takes perseverance and hard work. Today's celebration belongs to everyone – including the family and friends who supported you throughout your college career. We are all very proud of your significant accomplishment.

At Fanshawe, we strive to unlock potential and provide students with pathways to success. Your Fanshawe credential will provide you with many career opportunities and a bright future. Be proud of your achievements and stay motivated by setting new goals for yourself. I urge you to apply your diverse skills and knowledge to help make a difference in the world.

You have reached an important milestone in your life's journey. I hope you will remember the rich connections made with caring faculty and staff, who positively influenced your pathway to success. I encourage you to stay in touch with your Fanshawe family. Our dynamic Alumni Association will keep you informed about news and events about our students, campuses and alumni and allow us to share in all of your accomplishments as you move into the workforce.

Once again, congratulations!

Peter Devlin
President, Fanshawe College

Greetings from Fanshawe Board of Governors

On behalf of the Fanshawe College Board of Governors, I would like to offer heartfelt congratulations to the 2023 Fanshawe College graduates.

You are now part of a global network of Fanshawe graduates who are working to contribute to their communities around the corner and around the globe. We, and the entire Fanshawe community, are proud to share in your accomplishments as you, and those who have helped you get to this point, celebrate your important achievements today.

Congratulations again on your graduation and please accept my most sincere best wishes for your continued success as you embark on rewarding careers in your chosen fields.

Louise Poole

Chair, Fanshawe College Board of Governors

Greetings from Fanshawe College Alumni Association

Rachael Luby (Social Service Worker '13)

President, Fanshawe College Alumni Association

Greetings from the Fanshawe Student Union

Congratulations, Class of 2023. You have made it!

A year ago, when I took my first steps inside Fanshawe I remember wishing that one day I would find my place here. Thanks to the many incredible people I've met during my studies - my friends, my colleagues and faculty - I have found my place. Today, I am able to do the same for others and I am grateful for that.

Your passion, your ambition and your talents have left a lasting impact on the College. You are leaving Fanshawe a better place because of your contribution. Wherever your next step in life takes you, be kind to one another and be open to creating beautiful stories that inspire the ones coming after you.

On behalf of the Fanshawe Student Union, I wish you all the success reaching beyond the stars. As Stan Lee, the creator of Marvel, would say: "Excelsior!"

Dr. Ken Wright

Chair, London Community Dental Alliance

(Tuesday, June 13 at 10 a.m.)

Dr. Ken Wright grew up in Montreal, graduating from McGill University with a Commerce degree in 1955 before joining IBM to sell early (and very large) computers.

Years later, after getting married and having two children, Dr. Wright woke his wife Jean in the middle of the night to announce that he was leaving IBM and returning to McGill to study dentistry. After four years of dentistry, he attended the University of Toronto for two more years to specialize in periodontics before moving to London when Western University opened its dental school.

In London, the couple grew their family to include four sons and one daughter. It was the couple's daughter, Susan, who was born with Down's Syndrome, that led Dr. Wright and his wife to volunteer with Community Living London to establish a nursery school and other accessible facilities for children with disabilities.

Dr. Wright was teaching at Western's dental school and maintaining a private practice when he was challenged by a friend, "What about people who can't afford dental care?" The question prompted Dr. Wright to establish the Dental Outreach Community Service (DOCS) project, a portable clinic involving students and professionals going into social service agencies and treating their clients in their own local communities.

After 12 years, and with the COVID-19 pandemic putting a stop to community involvement, it became clear to Dr. Wright that there was a huge need for a full-time dental clinic to treat patients who faced financial barriers, mental health problems or other challenges.

In 2021, he established a full-time, not-for-profit dental clinic at Glen Carin Community Resource Centre on Adelaide Street South. The clinic is managed by a volunteer Board who decided, to Dr. Wright's embarrassment, to call it "The Wright Clinic".

To date, the clinic's full-time staff and volunteers have treated over 2,000 low-income patients.

Dr. Linda Baker, Ph.D., C.Psych

Learning Director (Retired), Centre for Research and Education on Violence Against Women & Children, Western University

(Tuesday, June 13 at 3 p.m.)

In March 2023, Dr. Linda Baker retired from her position as the Learning Director at the Centre for Research & Education on Violence Against Women & Children (CREVAWC) at Western University, where she developed and led the Learning Network and the Knowledge Hub. The Learning Network translates knowledge on the continuum of gender-based violence and the Knowledge Hub facilitates a trauma- and violence-informed community of practice with Canadian researchers and practitioners conducting innovative intervention research across Canada.

Prior to her position at CREVAWC, Dr. Baker was proud to serve as the Executive Director of the Centre for Children and Families in the Justice System (The London Family Court).

Dr. Baker is a Psychologist and Assistant Professor with over 20 years of experience in the mental health and justice systems, working with and learning from children, youth, and families dealing with experiences of violence and trauma. She has co-authored numerous resources related to gender-based violence at different stages across the life course.

Dr. Baker's direct service inspires and informs her research and commitment to knowledge translation through resource development and publications, knowledge exchange activities, and workshop presentations. She has been invited to speak and facilitate workshops in her areas of expertise in North America, Europe, and Asia.

Dr. Baker continues to teach doctoral students in the School and Applied Child Psychology program and participates regularly on faculty teams delivering Domestic Violence Institutes for the National Council of Juvenile and Family Court Judges and Futures Without Violence throughout the United States. Currently, she is looking forward to hosting a podcast series CREVAWC is developing to honour her contributions to the field of violence prevention.

Dr. Jeffrey Preston

Associate Professor of Disability Studies, King's University College

(Wednesday, June 14 at 3 p.m.)

Dr. Jeff Preston, an Associate Professor of Disability studies at King's University College at Western University, has spent his life dedicated to advocating for himself and others with disabilities.

Jeff started fundraising for Muscular Dystrophy research when he was three years old. He was later a two-time Ontario poster child and the first national campaign assistant for Muscular Dystrophy Canada. His annual golf tournament, the Jeff Preston Celebrity Golf Tournament, has raised over \$1.4 million for Muscular Dystrophy research.

His unwavering dedication to disability rights led him to serve as vice-chair for Easter Seals Ontario, a member of the Accessibility Standards Advisory Committee for the Ministry of Community and Social Services, and a two-term member of the City of London's Committee of Adjustment.

With a PhD in Media Studies from Western University, Jeff's research focuses on the representation of disability in popular and digital culture. His first book, "The Fantasy of Disability", achieved international recognition upon its release in 2016 and was subsequently reissued in paperback by Routledge in 2018.

Prior to his role at Kings college Dr Preston also served as a faculty member in the Lawrence Kinlin School of Business. Jeff played a key role in the development of the Honours Bachelor of Commerce Degree in Digital Marketing here at Fanshawe. Jeff currently sits as the Chair of the Program Advisory Committee for the Digital Marketing Degree. His ongoing commitment to our students and the degree program has helped build these programs to the success they are today.

Jeff Melanson

Strategic Partner, Unity Technologies

(Thursday, June 15 at 10 a.m.)

Jeff Melanson is known for his inventive approach to meeting disruptive innovation with bold strategy and practical vision. Lauded internationally for his creative entrepreneurship approach to leadership, Jeff has proven methods for finding hidden talent and opportunity within an organization, from out-of-the-box strategic and financial growth opportunities for organizations to finding the dynamic growth potential that traditional business practice overlooks.

Jeff Melanson is proud to serve as a Partner of The Stratagem Group (a top-tier media and entertainment company), Strategic Partner for Unity Technologies and an Advisor at Lansberg Gersick Advisors (an advisory and educational partner to the world's leading family enterprises). In his executive life, Jeff served as President and CEO of the Toronto Symphony Orchestra, President of The Banff Centre, Dean of The Royal Conservatory of Music's Community School in Toronto and Executive Director of Canada's National Ballet School.

Jeff holds an MBA from Wilfrid Laurier University. He is also a frequent strategist, guest panellist and lecturer on disruptive innovation, design thinking, creative economies, city building, and creative entrepreneurship across North America and around the world. Jeff is also the creative columnist for innovation and business strategy for HuffPost. He was the first arts leader to be appointed one of Canada's Top 40 Under 40 for 2009, and in 2010, Jeff was named Wilfrid Laurier University's MBA Alumnus of the Year. In November 2010, he was appointed special advisor on arts and culture to the Mayor of Toronto. He is a recipient of a Queen's Diamond Jubilee Medal.

Fanshawe College Gonfalons

Gonfalons – crested, symbolic banners – have been a part of various religious, military and community ceremonies for centuries. Fanshawe’s gonfalons pay homage to this time-honoured tradition, while providing visual identities for each of our academic schools. They were designed and created by members of the London Embroiderers’ Guild.

Applied Sciences and Technologies A river dominates this banner, symbolizing not only the natural basis for all science, but a unifying flow between the different areas of science and technology. Manufacturing, electrical technology and biotechnology are represented by a gear, a transistor and a microscope. The small symbols in the river point to weather, physics, ecology, biology and chemistry, all of which are vital components of the science and technology programs at Fanshawe.

Arts and Culture This gonfalon was designed to incorporate various aspects of art and culture, including music, dance, fine art, theatre and literature. The score and piano keys represent music (the notation is for “O Canada” – a reference to Fanshawe’s geography). The book represents literature and sketching, as well as collecting ideas as part of the creative process. The pens, paintbrushes and script all refer to various artistic disciplines. The figure at the bottom is in movement, suggesting dance in all of its forms.

Building Technology This gonfalon depicts a series of buildings against a waterfront skyline with a crane hoisting a load of material toward a roof. In the foreground, a bridge spans a body of water. Much of the construction, building and planning is implied in the images. The gonfalon has been executed in a manner not unlike the construction process: i.e. planning and consultation, developing a mock-up, then execution by groups or individuals with different skills, the use of both hand work and machine work using traditional and modern materials.

The back of the banner is a partially constructed brick wall – a familiar construction material and method, particularly in Eastern Canada.

Business and Management The Business and Management gonfalon features two hands engaged in a handshake over a globe. The handshake is a symbol of cooperation, while the globe represents the international nature of modern trade. Together, they suggest economic interdependence, as well as the importance of sharing resources. The banner is lined around the outside with symbols of modern currencies, including the pound, the kronor, the rial, the euro, the rupee, the dollar, the shekel, the won, the guilder, the baht, the tugrik and the yen.

Community Studies This gonfalon is built around the image of the tree of life. It is surrounded by people of all ages, holding hands in a gesture of support and cooperation. The people form the shape of a heart, which symbolizes caring, compassion and self-awareness. There is also a heart among the shapes in the tree. It is joined by an open book for learning, a helping hand, an apple for good health and a butterfly representing transformation, all of which form the foundation of Human Services.

Contemporary Media Fanshawe’s location is marked with a star on the globe and is surrounded by bolts of energy, symbolizing broadcasting. The piece is united by a roll of film that winds around icons signifying different branches of the arts, including a camera, a paintbrush, the @ symbol, a theatrical mask and a treble clef. Together, the symbols represent Fanshawe’s focus on all types of traditional and modern media.

Fanshawe College Gonfalons

Design This design is based on one of the most perfectly proportioned and visually beautiful creatures of nature... the nautilus sea shell. The ratios of its chambers are the same ratios seen in countless examples of nature's works and man-made art. Called the Golden Mean, this mathematical wonder is one of design fundamentals that creates beauty, harmony and symmetry. The students of the School of Design strive to ensure all design work they create embrace these essential qualities that enhance all aspects of our lives.

Health Sciences The principle feature of the Health Sciences gonfalon is the staff of Asclepius, which is the universal symbol of medicine and the healing arts. It is accompanied by several smaller symbols: the Star of Life, representing paramedics and emergency services; an intertwined delta omicron, representing dentistry; a mortar and pestle, representing pharmacy; two stylized human figures, representing good physical and mental health; and an atom, representing nuclear medicine.

Information Technology This gonfalon expresses movement, dynamism and the human element of modern information technology. The silhouettes of four people on the globe represent those who both work in this field and benefit from the continuously evolving technologies. The large @ symbol is instantly recognizable for the movement of electronic information and a bronze tail encircling the globe signifies the rapid and efficient movement of information. Binary code on the tail reminds the viewer about the deceptively simple encoding of information and the bronze silk reflects the copper coloured metals and wires that form the hardware inside computers.

Nursing The Nursing gonfalon draws its design inspiration from the stained glass window in the School of Nursing lounge. It has two main symbols: the lamp and the books. The books represent learning - the deep and sturdy foundation that supports the modern nurse. The flame coming out of the lamp invokes the nurse's comforting, life-giving spirit and suggests reaching higher. The hand and heart inside the flame represents the caring and helping of others. The lamp is a tribute to Florence Nightingale, known as the 'The Lady with the Lamp' due to her habit of making her nursing rounds at night. Her compassion and commitment to patient care laid the foundation for nursing as a profession.

Tourism and Hospitality The globe is a central feature of the Tourism and Hospitality gonfalon. Along with the airplane, it signifies not only travel, but the exciting opportunities that exist around the world for tourism and hospitality graduates. The three figures at the bottom represent culinary arts, management and leadership - qualities associated with graduates of food and nutrition, recreation and hotel management programs.

Transportation Technology and Apprenticeship The gears on this banner bring together highways, cars and trucks, a tractor, a service centre and students, all of which are central to motive power at Fanshawe. The circular arrangement also suggests both movement and progress, but while technology drives the program, people are at its centre. That lesson - working with and serving people - is the foundation on which Fanshawe's Transportation Technology programs are built.

“O Canada”

O Canada!

Our home and native land!
True patriot love in all of us command.

With glowing hearts we see thee rise,
The True North strong and free!

From far and wide,
O Canada, we stand on guard for thee.

God keep our land glorious and free!
O Canada, we stand on guard for thee.

O Canada, we stand on guard for thee.

CONGRATULATIONS!
